Nominal length:

3.900 inches

Material:

Titanium alloy uns r56400

Material Specification:

Ams4935 assn standard single material response

Style Designator:

Grooved and threaded external

Fsc Application Data:

Engine ge-400 f110

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
