Thread Direction:

Right-hand

Criticality Code Justification:

Zzzy

Product Name:

Invertednut, tubec

Special Features:

Material 17-4ph stainless steel; gland agl 40 for .250 od tubing

Material:

Steel, corrosion resisting

Material:

Stainless steel

Style Designator:

Inverted nut, tube, flare

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T385-b
