Wall Thickness:

0.095 inches

Casehardening Indicator:

Casehardened

Outside Diameter:

0.654 inches

Seat Angle In Deg:

37.0

Hose/tube Outside Diameter For Which Designed:

0.500 inches

Product Name:

Crush washer

Special Features:

Material per qq-s-763 type 305 annealed, qq-s-766 or ams5514 or aisi 305

Material:

Steel, qq-s-766, class 305, cond a

Material:

Steel comp 305

Style Designator:

Seal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T385-j
