Connection Type:

Unthreaded internal pipe 2nd end

Thready Qty Per Inch (tpi):

12 all ends

Inlet Location:

Right-hand side single inlet

Thread Size:

1.62 inches all ends

Inside Diameter Hose Accommodated:

1.05 inches 1st end

Product Name:

Reusable fitting

Material:

Steel

Media For Which Designed:

Hydraulic fluid single response

Style Designator:

Threaded external rigid, threaded internal swivel

Fsc Application Data:

Diesel hydraulic power unit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
