Thread Direction:

Right-hand

Fabrication Method:

Machined

Thread Size:

12.700 millimeters

Tube Outside Diameter:

18.0 millimeters

Special Features:

Used on tags 39/40-hulls 4667/4668 main and aux. Centrifugal pumps and motors; made for sea water/salt water application

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A021a0
