**End Application:**

2915-01-314-0716 pump, fuel, metering f404 power plant

**General Description:**

Adapter material is corrosion resistant steel ams 5613, length 1.540 in., height 1.090 in., diameter 0.610 in. At first end and 0.622 in. At second end, groove at first end 0.099 in. W., 0.010 r, in bottom corners, second end groove 0.110 in. W., 0.020 r, in bottom corners

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23900
