| Outside Diameter:                     |
|---------------------------------------|
| Any acceptable                        |
| Length:                               |
| Any acceptable                        |
| Thread Provision:                     |
| Unthreaded                            |
| Orifice Diameter:                     |
| Between 0.041 inches and 0.042 inches |
| Design Type:                          |
| Tubular                               |
| Material:                             |
| Aluminum alloy                        |
| Material:                             |
| Aluminum alloy                        |
| Surface Treatment:                    |
| Anodize                               |
| Surface Treatment:                    |
| Anodized                              |
| Shelf Life:                           |
| N/a                                   |
| Unit Of Measure:                      |
|                                       |
| Demilitarization:                     |
| No                                    |
| Fiig:                                 |
| T359-d                                |
|                                       |
