Flow Angle:

90.0 degrees

Material:

Aluminum alloy

Material Specification:

Qq-a-225/4 t6 federal specification single material response

Surface Treatment:

Lubricant

Surface Treatment Specification:

Mil-c-5541 class 3 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0

Mil-std (military Standard):

Mil-c-5541 spec.
