Connection Style:

Swivel, plain (tube) all ends

Connection Type:

Threaded external tube all ends

Outside Diameter Tube Accommodated:

14.0 millimeters all ends

Nominallength:

48.8 millimeters

Material:

Steel

Thread Series Designator:

M all ends

Specification Data:

98441-8--16x1.5f80x-s professional/industrial association specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
