End Application:

Chassis pneumatic; fmtv's - cfmtvl, cfmtvm models

Fastening Device Type:

T-bolt

Special Features:

Clamp in metric; length 104.0mm, height 54.0mm, hose hole center to center 56.0mm; chemical properties; light acids, solvents, fuels, mineral oils, alcohol, paints, saltwater; temp maximum -46deg to +102c/ -50deg to +215deg f; clamp, hose, duplex

Material:

Plastic polypropylene

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A12700
