Overall Length:

1.182 inches

Outside Diameter:

2.295 inches

Tube Outside Diameter For Which Designed:

2.000 inches

Special Features:

Wall thickness range is 0.035 through 0.048

Material:

Steel, corrosion resisting

Material:

Stainless steel

Style Designator:

Flexible coupling body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T385-v
