Overall Length:

2.170 inches

Quick Disconnect Method:

Push-pull all ends

Connection Style:

Flared all ends

Connection Type:

Threaded external tube first fluid end connection

Features Provided:

Self-sealing

Thread Size:

0.438 inches all ends

Seat Angle:

37.0 degrees

Outside Diameter Tube Accommodated:

0.250 inches all ends

Special Features:

Ethylene-propylene o-rings

Material:

Steel body

Material Specification:

Qq-s-763 federal specification single material response body

Style Designator:

Male coupling half

Thread Series Designator:

Anpt all ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531t0
