Overall Length:

7.000 inches

End Application:

Oxy serv unit

Criticality Code Justification:

Feat

Special Features:

Clean and package for oxygen service per astm g93, type 1, test 1 through 4, type ii, test 1, level a and test 2, level 500

Material:

Stainless steel

General Description:

Working pressure 3000.0psi; operating temp -30deg f to 125deg f;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
