End Application:

Special aircraft and engine tool and support equipment and parts

Special Features:

Special adapter lubricator systemtest system power unit

Material:

Steel comp 303

Material Specification:

Astm-a-582, class303 assn standard single material response

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
