Mounting Type:

Outlet connection top

Body Length:

9.040 inches

Body Outside Diameter:

2.000 inches

End Application:

Weapons system ar, shipboard material handling equipment (mhe)

Filtering Element Quantity:

1

Special Features:

25gpm, 140 micron rating

Material:

Stainless steel screening

Style Designator:

Suction type blunt end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
