Special Features:

Material composition 70-30 copper nickel alloy; 1st end 3/4 inch pipe size; 2nd end 1/4 inch pipe size; both ends socketweld

Material:

Copper alloy, mil-c-15726, comp 70-30

Material:

Copper alloy 715

Material Specification:

Mil-c-15726, comp 70-30 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T385-k

Mil-std (military Standard):

Mil-c-15726 spec.
