End Application:

2320-01-230-0307

Connection Style:

Plain (pipe) 1st end

Connection Type:

Unthreaded external hose 2nd end

Thread Size:

0.125 inches 1st end

Inside Diameter Hose Accommodated:

0.125 inches 2nd end

Nominallength:

1.350 inches

Material:

Copper alloy

Material Specification:

Astm b16 assn standard single material response

Thread Series Designator:

Nptf 1st end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A080b0
