End Application:

M1 abramhms launcher and portable bridge

Connection Style:

Gasket seal (boss) 2nd end

Connection Type:

Unthreaded external tube 1st end

Flange Face Design:

Plain with gasket groove 2nd end

Outside Diameter Tube Accommodated:

0.310 inches all ends

Material:

Steel comp 304

Material Specification:

Astm a276 assn standard all material responses

Surface Treatment Specification:

Mil-std-171 federal specification all treatment responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0

Mil-std (military Standard):

Mil-std-171 spec.
