End Application:
M1 abramhms launcher and portable bridge
Connection Style:
Gasket seal (boss) 2nd end
Connection Type:
Unthreaded external tube 1st end
Flange Face Design:
Plain with gasket groove 2nd end
Outside Diameter Tube Accommodated:
0.310 inches all ends
Material:
Steel comp 304
Material Specification:
Astm a276 assn standard all material responses
Surface Treatment Specification:
Mil-std-171 federal specification all treatment responses
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A080b0
Mil-std (military Standard):

Mil-std-171 spec.
