Overall Length:

1.690 inches

Inlet Connection Type:

Threaded

End Application:

Fire fighting equipment

Orifice Diameter:

0.1094 inches

Inlet Connection Size:

1/2 inch npt

Inlet Thread Location:

Internal

Features Provided:

Integral strainer

Special Features:

Brass nozzle with monel strainer, sprays fluid or gas (i.E. Co2 carbon dioxide); internal 1/2 inch npt thread on inlet side

Material:

Copper alloy

Media For Which Designed:

Gas and fluid

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A508d0
