End Application:

1520-01-355-8250

Tubing Inside Diameter Accommodated:

0.250 inches

Primary Container Type:

Package

Primary Container Unit Quantity:

10

Product Name:

Straight connector

Special Features:

Material is kynar (pvdf)(plastic polyvinylidene fluoride) ; single barbed tube connection; working pressure 150 psi; temperature range -80 degree to 225 degree f

Material:

Plastic

Material:

Plastic

Style Designator:

Straight, straight serrations

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24200
