Mounting Type:

Bracket w/drilled hole base

Mounting Hole Diameter:

0.406 inches

Mounting Hole Quantity:

1

End Application:

Boat, bridge erection, engine

Bracket Quantity:

1

Filtering Media Design:

Perforated single filtering media response

First Intake Connection Type:

Unthreaded external hose top side

Second Intake Connection Relationship To First Intake Connection:

Identical

First Intake Outside Diameter:

1.250 inches

Err Default:

Err default

Product Name:

Sea strainer

Special Features:

Threaded stud 0.375-16 unc-2a; filter screen; acrylic lid; gasket set

Material:

Steel screening

Media For Which Designed:

Water

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
