**Mounting Type:**

Bracket w/drilled hole base

**Mounting Hole Diameter:**

0.406 inches

**Mounting Hole Quantity:**

1

**End Application:**

Boat, bridge erection, engine

**Bracket Quantity:**

1

**Filtering Media Design:**

Perforated single filtering media response

**First Intake Connection Type:**

Unthreaded external hose top side

**Second Intake Connection Relationship To First Intake Connection:**

Identical

**First Intake Outside Diameter:**

1.250 inches

**Err Default:**

Err default

**Product Name:**

Sea strainer

**Special Features:**

Threaded stud 0.375-16 unc-2a; filter screen; acrylic lid; gasket set

**Material:**

Steel screening

**Media For Which Designed:**

Water

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A24000
