End Application:

Thermostatic steam trap; nimitz class cvn

Tempurature Rating:

1050.0 degrees fahrenheit

Maximum Operating Pressure:

675.0 pounds per square inch

Product Name:

Strainer

Special Features:

Optional blow-down valve and piping king package unit; type n model

Material:

Steel comp 316 body

Style Designator:

Cylindrical w/ container (rigid) and mounting flange

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
