**Overall Length:**

1.690 inches

**Inlet Connection Type:**

Threaded

**End Application:**

Fire fighting equipment

**Orifice Diameter:**

0.094 inches

**Inlet Connection Size:**

1/2 inch npt

**Inlet Thread Location:**

Internal

**Features Provided:**

Integral strainer

**Special Features:**

Brass nozzle with monel strainer, sprays fluid or gas (i.E. Co2 carbon dioxide); internal 1/2 inch npt thread on inlet side

**Material:**

Copper alloy

**Media For Which Designed:**

Gas and fluid

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A508d0
