End Application:

Air conditioner, 4120-01-330-6543; 36k btu family

Connection Style:

Insert (tube) all ends

Connection Type:

Unthreaded external tube all ends

Outside Diameter Tube Accommodated:

0.375 inches all ends

Nominallength:

2.500 inches

Product Name:

Elbow and tee

Special Features:

Part numbers 13229e5335-6 and 13229e5336-11; epoxy adhesive as required; offset between 90 degree elbow is 115 degrees

Material:

Plastic polyethylene

Special Test Features:

Where bonded, item shall withstand 5 psi

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
