Maximum Operating Temp:

350.0 degrees fahrenheit single response

End Application:

6115-01-285-3012, p/n: mep831a, 3 kw gen set

Connection Type:

Unthreaded external hose all ends

Product Name:

Tee, 1/8 hose, miniature barb

Special Features:

Tee ends shall be barbed to permit push-on assembly with .250 id hose

Material:

Plastic polyamide tee

Media For Which Designed:

Fuel single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
