**Thread Direction:**

Right-hand

**Length:**

0.880 inches

**Thread Provision:**

Threaded

**End Application:**

Ei: 6115-01-285-3012, p/n: mep831a, 3 kw gen set

**Design Type:**

Tubular, hex shape

**Thread Series:**

Nptf

**Hose/tube Size For Which Designed:**

1/8 id hose

**Special Features:**

Max operating pressure is 100 psig, suitable for flow in either direction; flow media- air, water, gases and liquids

**Material:**

Brass

**Material:**

Copper alloy

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T359-d
