Reducer Type:

Concentric

End Application:

Navy equipment

Connection Style:

Socket (pipe) 2nd end

Connection Type:

Unthreaded internal pipe 2nd end

Nominallength:

2.380 inches

Product Name:

Plug, pipe

Special Features:

Level "na" material inspection marking

Material:

Copper alloy

Material Specification:

Mil-c-15726f military specification all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0

Mil-std (military Standard):

Mil-c-15726f spec.
