Overall Length:

1.437 inches

Wrenching Facility Shape:

Hexagon

End Application:

Fuel filtration system

Width Across Flats:

2.000 inches

Male End Thread Class:

3a

Female End Thread Class:

3b

Male End Thread Size:

1.500-11-1/2

Male End Screw Thread Series Designator:

Anpt

Male End Thread Direction:

Right-hand

Male End Thread Length:

1.031 inches

Female End Thread Size:

0.875-14

Female End Screw Thread Series Designator:

Unjf

Female End Thread Direction:

Right-hand

Female End Thread Length:

0.802 inches

Special Features:

Port size differs in size from 81164-2 per 10050-8

Material:

Aluminum alloy, qq-a-225/6, alloy 2024, t4

Material:

Aluminum alloy 2024

Surface Treatment:

Anodize

Surface Treatment:

Anodized

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T385-I
