Maximum Operating Temp:

250.0 degrees fahrenheit 2nd response

End Application:

Five ton liq

Product Name:

Rubber air inlet 90 degree elbow

Special Features:

6 inch id, 7 inch height, and 7 inch length

Material:

Rubber

Material Specification:

Sae j200-3bc 720a14 b14 c20e14 assn standard single material response

Media For Which Designed:

Air single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
