End Application:

Membrane air dehydrator (model 7162)

Maximum Operating Pressure:

125.0 pounds per square inch

Product Name:

Condensate discharge assembly

Special Features:

Dump, trap is used on the bulhead membrane air dehydrators; overhaul kit is p/n 4400-2/10

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T359-a
