Flexible Tube Coupling Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4730-01-488-1135

End Application:
F-22 raptor
Product Name:
Coupling assembly
Special Features:
Clam-shel closure locks automatically with 3 latch pawls; 400 psig at 300 degrees faranheit; axial adjustment is 1/4"; angular
misaglignment is plus or minus 4 degrees; protection to at least 1500 amperes when tested iaw mil-std-1757; electrical bonding to class sw
of mil-b-5087
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T385-v
