Tube Outside Diameter For Which Designed:

0.750 inches

Features Provided:

Hook and chain assembly

Product Name:

Cap - lubrication fitting, protective

Special Features:

Material: epichlorohydrin (non-metallic) cap; for use w/adapter ms24476-2 (00-812-9740)

Material:

Stainless steel chain

Style Designator:

Cap

Supplementary Features:

Sleeve is copper zinc coated; see ms24480-2

Specification Data:

81349-mil-dtl-25677/2 government specification

Departure From Cited Document (non-core):

Cap with 7 inch cable, instead of chain

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A208a0
