End Application:

Boat, utility

Connection Style:

Plain (pipe) 1st end

Connection Type:

Unthreaded external hose 2nd end

Thread Size:

1.000 inches 1st end

Inside Diameter Hose Accommodated:

1.000 inches 2nd end

Pipe Wall Thickness Designation For Which Designed:

Schedule standard 1st end

Nominallength:

1.4688 inches

Product Name:

Tailpipe/hose connector

Special Features:

Model cf252 1

Material:

Glass fiber

Thread Series Designator:

Npt 1st end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A080b0
