**Body Material:**

Nickel copper alloy

**Overall Length:**

78.250 inches

**Diameter:**

12.750 inches

**End Application:**

Ship

**Design Type:**

Straight

**End Connection Similarity:**

Identical

**Criticality Code Justification:**

Feat

**Product Name:**

Cascade orifice restrictive device

**Special Features:**

Weapon system essential; flanged end connection

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T359-c
