Bolt Circle Diameter:

3.120 inches

Flange Diameter:

4.250 inches

Thickness:

0.560 inches

Pipe Size For Which Designed:

1.000 inches

Bolt Hole Quantity:

4

End Application:

Shop store no

Bolt Hole Diameter:

0.620 inches

Flange Section Style:

Plain face, socket neck

Material:

Copper alloy and nickel alloy

Material Specification:

Asmeb16.5 assn standard single material response

Style Designator:

Round, two bolt hole circles

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23300
