End Application:

C-17a aircraft

Product Name:

Strainer, ptfе, fuel scavenge rake finger

Special Features:

Part of strainer assembly; attach to inlet bushing bnt20528b which is then attached to rake finger

Material:

Plastic polyamide filtering medium and plastic nylon filtering medium

Material Specification:

Astm-d-5989, gr 1, cl 1, ty2 federal specification all material responses filtering medium

Media For Which Designed:

Fuel/oil, hydrocarbon

Special Test Features:

With holes plugged, w/stand neg pressure of 10.0 psi

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
