End Application:

C-17a aircraft

Product Name:

Strainer assembly, non-metallic-rake finger

Special Features:

Recommended that the strainer (p/n 9d0311h1) be assembled to the inlet bushing (p/n 9d0311b1) prior to attaching the inlet bushing to a rack finger

Material:

Plastic polyamide filtering medium or plastic nylon filtering medium

Media For Which Designed:

Fuel/oil, hydrocarbon

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
