Body Length:

11.688 inches

Body Outside Diameter:

6.781 inches

End Application:

Strainer, seawater

Special Features:

Hose intake and discharge dia. 2 in. Nom: maximum capaci type 224 gpm, recommended input 96 gpm: cover transparent a.B.S.

Material:

Plastic polypropylene filtering medium

Media For Which Designed:

Water

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
