Accessory Components And Quantity:

Lock wire

Pressure Rating:

1000.0 pounds per square inch

Product Name:

Threaded adapter assembly

Special Features:

Assy includes adapter (p/n 24a), 1 and cap assembly (p/n 69), 1; fitting to be used only inboard of the inboard connection of the backup valve or external to the pressure hull except where hydraulic shock test qualification is not required by the original building specifications or modifications

Material:

Nickel alloy

General Description:

All dimensions in inches; assembly thread class is 2a and item has a 37 degrees flare x 0.50 nps; 1000 psi wp maximum at plus 140 degrees fahr; swldg connection is designed to mate with 0.120 min tubing

Thread Size And Series/type Designator:

0.875-14 unf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
