Overall Length:

2.960 inches

Quick Disconnect Method:

Push-pull

Maximum Operating Temp:

32.0 degrees celsius

End Application:

Beach recovery vehicle

Maximum Operating Pressure:

7500.0 pounds per square inch

Product Name:

Flush face/dry break coupling

Special Features:

Rugged; hydraulic fluid media; female british parallel bs2779 threads

Material:

Steel body

Surface Treatment:

Dichromate body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531v0
