Mounting Type:

Outlet connection back

Body Length:

5.6000 inches

Body Outside Diameter:

2.000 inches

End Application:

Ship; hydraulic power unit

Filtering Element Quantity:

1

Special Features:

Connection size 1.5 inch npt, 100 mesh has 140 micron rating with .0045 inch diameter wire

Style Designator:

Suction type blunt end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
