Casehardening Indicator:

Not casehardened

Overall Length:

1.240 inches

End Application:

Generator assembly

Flange Width:

0.250 inches

Flange Outside Diameter:

1.330 inches

Sleeve Outside Diameter:

1.000 inches

Hose/tube Outside Diameter For Which Designed:

1.000 inches

Product Name:

Sleeve, butt welded

Special Features:

Flange has groove for o'ring or tube end

Material:

Steel, ams 5645

Material:

Steel comp 321

Style Designator:

Gasket seal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T385-j
