**End Application:**

Nsn: 4210-01-486-1035; fire fighting truck

**Housing Material:**

Iron

**End Type For Which Designed:**

Grooved

**Working Pressure Rating:**

350.000 pounds per square inch

**Product Name:**

Style 750 reducing coupling

**Special Features:**

Max. Working pressure total (from both internal and external loads) based on larger pipe size, standard weight (ansi) steel pipe - contact victaulic for performance on other pipe; housing coating: orange enamel; warning: depressurize and drain the piping system before attempting to install, remove or adjust any victaulic piping products; warning: coupling should not be used with end caps in systems where a vacuum may be developed.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T385-f
