End Application:

Transit latch piping

Connection Style:

Socket

Product Name:

Union cap

Special Features:

Socket i.D. 1.492 inch by 1.05 inch deep; 316 series stainless steel; mating surface has four .406 inch diameter holes, .19 inch deep

Material:

Stainless steel cap

Surface Treatment:

Passivate cap

Style Designator:

Cap

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A208a0
