End Application:

Ship

Accessory Components And Quantity:

O-ring 3-906, 1; cable cl-3-c-7.0, 1; ferrule cl-3-f, 2; tag 7052684, 1

Component Identifying Number:

Female quick disconnect, 7052652; adapter 4-6f50x-ss; elbow 4v6x-ss; hose assembly b49361; valve s133-1/4 ss; elbow 6ctx-ss

Criticality Code Justification:

Feat

Product Name:

Drain and valve assembly

Special Features:

Weapon system essential; first end, female quick disconnect coupling; second end, male 37 degree flare

Material:

Stainless steel and rubber synthetic

Thread Size And Series/type Designator:

0.562 unf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
