End Application:

Aviation bridge crane

Connection Style:

Plain (pipe) 1st end

Connection Type:

Unthreaded external hose 2nd end

Thread Size:

0.375 inches 1st end

Inside Diameter Hose Accommodated:

0.375 inches 2nd end

Pipe Wall Thickness Designation For Which Designed:

Standard 1st end

Product Name:

Brass push-on hose fitting

Special Features:

Brass alloy

Material:

Copper alloy

Thread Series Designator:

Npt 1st end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
