Body Material:

Bronze or brass

End Application:

Fr51-65 piping

Maximum Operating Pressure:

350.0 pounds per square inch

Criticality Code Justification:

Feat

Product Name:

Test casting assembly

Special Features:

Critical technology, export control; inlet/outlet for 1.312 inch o.D. Pipe or tube; .250nps sb boss connections; drain outlet for .540 o.D. Pipe/tube; material bronze/brass-tin alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T359-a
