End Application:

Auxiliary tank, ship

Component Identifying Number:

Df22851454-0093

Criticality Code Justification:

Feat

Special Features:

Critical technology, export control; copper nichol alloy, 4 inch nps, 50 psi; butt weld connection

Material:

Copper alloy

General Description:

Round, designed to minimize fluid turbulence at outlet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
